FSSAI to Introduce health star rating for packaged goods

According to the news, the Packaged food products in India will soon be labelled with an official health star rating (HSR). The rating will be the first such in India, a country burdened with lifestyle diseases, and is aimed at guiding consumers to opt for healthy food. The HSR format ranks a packaged food item based on salt, sugar, and fat content and the rating will be printed on the front of the package.
